Education

Shree Swaminarayan College of Computer Science <i>Bachelor of Computer Applications (BCA) – Affiliated to MKBU</i> GPA: 7.21 Average SGPA (Sem 1: 7.09 Sem 2: 7.09 Sem 3: 7.45)	Bhavnagar, India 2024 – Present
GSEB (Gujarat Secondary and Higher Secondary Education Board) <i>Higher Secondary Certificate (12th)</i> Score: 93.53 Percentile (587/700 Marks)	Bhavnagar, India 2024
GSEB (Gujarat Secondary and Higher Secondary Education Board) <i>Secondary School Certificate (10th)</i> Score: 81.92 Percentile	Bhavnagar, India 2022

Experience

Campus Mantri (Campus Ambassador) <i>GeeksforGeeks</i>	Remote Jan 2026 – Jun 2026
• Spearheaded technical learning initiatives and represented GeeksforGeeks within the college community to drive student engagement. • Collaborated with student groups to organize and manage campus activities related to coding, AI, and career development workshops. • Implemented innovative promotional strategies for technical opportunities and upskilling programs, expanding the local community reach. • Managed campus-wide communication channels and was recognized with an official Letter of Recommendation for outstanding leadership.	
Social Media Marketing Specialist <i>International MUN (IMUN)</i>	Remote Jan 2025 – Apr 2025
• Spearheaded social media marketing campaigns and digital promotion activities for online global conferences and events. • Collaborated with international teams to create and manage engagement-focused content, optimizing brand reach and audience participation. • Implemented content schedules and communication strategies that strengthened global audience interaction and digital marketing workflows.	

Projects

Student Performance Prediction Model

- **Description:** Developed a predictive machine learning regression model to forecast student performance metrics based on historical academic scores and attendance datasets.
- **Implementation:** Designed the data preprocessing pipeline using **Pandas** and **NumPy**, conducted feature engineering, trained multiple regression algorithms via **Scikit-learn**, and evaluated model accuracy metrics.

Spam Email Classifier System

- **Description:** Built an NLP-based text classification system to accurately detect and filter out malicious spam emails from legitimate messages.
- **Implementation:** Handled text tokenization, TF-IDF vectorization, and optimized machine learning classification algorithms using **Python** and data analysis workflows to ensure high-precision sorting.

Personalized Recommendation System

- **Description:** Developed a content and movie recommendation engine designed to deliver personalized media suggestions to end-users.
- **Implementation:** Implemented collaborative filtering algorithms and processed large-scale user-item similarity matrices using **Python** and optimized structured data handling techniques.

Certifications

AWS Cloud Practitioner Certification – GeeksforGeeks	2025
Mastering Machine Learning: From Beginner to Expert – GeeksforGeeks	2025
Build with AI Agent Builder Camp – Google for Developers × GeeksforGeeks	2025
Software Engineering Job Simulation – JPMorgan Chase & Co.	2025
GenAI Powered Data Analytics Job Simulation – Tata Group	2025
Data Analytics Job Simulation – Deloitte	2025
Resume Building Mastery – GeeksforGeeks	2025
Campus to Corporate Add-on Course – SSCCS	2024

Additional Information

Technical Skills: Python, C++, Java, OOP (Object-Oriented Programming), SQL, Machine Learning, Data Analysis, NumPy, Pandas, Matplotlib, Scikit-learn, Git

Academic Achievements: Solved **200+ Data Structures & Algorithms (DSA) problems** across GeeksforGeeks and LeetCode; maintained a top-tier academic standing with consistent SGPA increments.

Leadership & Volunteering: Actively organized college technical events, managed a student peer-learning community for daily problem-solving, and volunteered in regional hackathons.
